vinyl plank & tile

PICTURED: IVORY OAK #138

features

Attractive, Durable and a Good Value

Waterproof? Yes, waterproof! Water will not damage Floort'e EVP. Here's why; first, we've combined PVC and resins to create an enhanced proprietary Lifeguard™ core that water simply can't penetrate. Second, the Fold-n-Tap™ profile blocks water at the seams. So...no water absorbed at the seams, no water absorbed by the plank itself. Completely waterproof product. Put it just about anywhere. Really.

A beautiful, high-performing floor and features Soft Silence™ acoustical pad for noise reduction and added comfort.

Size:	7" x 48"
Thickness:	4.8 mm
